Notes

◯The site should emphasize images and make them appealing to the viewer

◯Home page is introduced through movie photos

◯The audience is people interested in science fiction films and architecture

◯The colors lean towards black and blue

◯Style leans toward sci-fi

◯More photos can be used to illustrate the content

◯There is a navigation bar at the top of the homepage

◯You are free to choose how much copy to include on each page of your microsite.
